

RESEARCH SYMPOSIUM

The Centre for Renewable and Sustainable Energy Studies (CRSES) is hosting a symposium to provide Master's and PhD students with the opportunity to present their research, after completion or in progress. The symposium will be held on **11 and 12 November 2010** at the Sustainability Institute at Lynedoch outside Stellenbosch. The programme will be as follows:

Thursday, 11 November	12:00	Welcome and lunch
	12:45	Key note address
	13:30	Student presentations
	18:00	Departure for dinner at Spier
Friday, 12 November	7:30	Coffee
	8:00	Student presentations
	12:30	Lunch and departure by train to Cape Town
	15:00	CRSES Forum: Carbon capture and Sequestration
	17:00	Closure and departure from Cape Town

All academics and students with an interest in renewable and sustainable energy, are welcome to attend.

Please RSVP at crses@sun.ac.za or grobler@sun.ac.za by **Monday 1 November 2010**. Other enquiries can also be directed to these two email addresses provided.

Maps are electronically available.
