

## DISCUSSION FORUM

# Renewable and Sustainable Energy *Solar Energy*

After the success of our first two discussion forums on the topics of Bio-Fuels and Wind Energy, the next Discussion Forum on **Solar Energy** will be held on **Friday 11 May 2007 at 15h00** at the Sustainability Institute at Lynedoch on the R310, Baden Povel Drive. Proff Thomas Harms and Ryno Swanepoel of Stellenbosch University will introduce the topic where after an open discussion will follow on the prospects of solar energy in SA and the world, the contribution solar energy can make to achieve the long term goals of South Africa for renewable energy, and possible projects that can be initiated to stimulate interest in this area. This Forum will address both photovoltaic and solar thermal energy systems.

All academic staff and students, representatives from the public and private sectors as well as the general public are welcome to attend. There will be a small reception afterwards.
