BURSARY CONDITIONS:

- 1) Bursaries are only awarded to South African citizens and permanent residents and preference will be given to candidates from the designated groups, including female students. Proof of permanent residence permit must be submitted with application for bursary by non-South African citizens.
- 2) Bursaries are only available for **full-time, on-campus students**.
- 3) You must be admitted to and registered for the degree programme as indicated on your application before any bursary payments will be made. If you want to change your programme or research project you will have to apply in writing to do so and may forfeit your bursary if it is decided that the new programme/project is no longer part of the focus of the Postgraduate Programme in Renewable and Sustainable Energy Studies.
- 4) **You may not hold any other bursaries in conjunction with this bursary except for university awarded merit bursaries. This restriction will apply to all bursaries from the National Research Foundation, employers such as Eskom and SASOL, and bursaries from trusts or other donor agencies.**
- 5) All merit bursaries that you receive must be reported to the Centre as soon as they are awarded, including the amount of said bursaries.
- 6) You may not commit more than eight hours per week to any additional income generating work. Any such work, and the amount of income you will receive from it, must be declared to and approved by your supervisor and the Director of the Centre.

I confirm that I have read and understand the conditions of the bursary and all information provided in this application is true and correct.
