

Africa needs champions of Renewable Energy

Interested?

Financial support and mentorship is available to assist a graduate or undergraduate student to take forward the vision of the late Dr Doug Banks

If you are:

- Passionate about making a difference to the African continent
- Fired up about solving our energy needs into the future through the development of skills in Renewable Energy

...you may be just the person we are looking for!

A two year scholarship is available to study towards a Masters degree in Renewable Energy at a South African University, commencing in 2013. Students should be from an engineering and built environment, technical and science, or economics background.

- Only South African citizens and permanent residents may apply
- Application via the website
- Closing date **Friday 21 September 2012**
