

# DISCUSSION FORUM

## Renewable and Sustainable Energy

### *Climate Change*

The next Discussion Forum on **Climate Change**, will be held on **Friday 19 September 2008 at 15h00** in the Chemical Engineering Seminar Room of the new Chemical Engineering Building at the University of Cape Town (Upper Campus). Dr Harald Winkler of the Energy Research Centre at UCT will introduce the topic where after an open discussion will follow on the challenges that Climate Change and in particular the Long Term Mitigation Strategy that was recently accepted by Cabinet will pose for renewable energy.

All academic staff and students, representatives from the public and private sectors as well as the general public are welcome to attend. There will be a small reception afterwards.

RSVP [crses@sun.ac.za](mailto:crses@sun.ac.za) or tel 021 808-4069

#### Upcoming Forums:

Date	Topic	Speakers
24 Oct 2008	Solar Water Heaters	Robert Dobson & Helmut Hertzog

Venue will be announced at a later stage

SEE MAP OVERLEAF

If parking is a problem, follow these steps - We do not have a map of the parking areas, but if you do the following, your chances of finding parking will be significantly advanced:

- 1) Go to the visitors' centre on arriving at UCT
- 2) Get a visitors' parking slip
- 3) Follow the Ring Road from the Visitors' Centre around the north side of campus (the side nearest central Cape Town)
- 4) When you reach the top part of Ring Road (looking down on the university), just after you passed the turn-off to the Chemical Engineering on the left, you will come to a sign pointing to the right, to the Tennis Club and the Daycare centre. Turn right.
- 5) Up this road (it goes steeply uphill), there are two parking areas which normally have vacancies on a Friday afternoon, and which visitors are permitted to park in (it says yellow disks only, but people with visitors' slips can park there too). The first one, to the right, is marked P15, and the second one, further up to the left, is marked P16.

Apart from this, apparently at this time visitors can park anywhere on campus you can find a spot (if you have a visitors' permit)
